Call for 2027 Fulton Awards Nominations

Dear Industry Colleagues

We are thrilled to announce the official launch of the 2027 Fulton Awards Programme hosted by the Concrete Society of Southern Africa.

For more than five decades, the Fulton Awards have recognised excellence, innovation, craftsmanship, and technical achievement within the South African concrete industry.

These prestigious Awards continue to highlight the most remarkable concrete projects in Southern Africa serving as a benchmark for excellence in concrete construction.

Herewith, please find the following documentation relating to the 2027 Fulton Awards:

- **Nomination Form**
- **Terms & Conditions**

After careful consideration, we have adjusted the entry fee for the 2027 Fulton Awards to R15,000.00 per entry. This increase, while kept as reasonable as possible, is necessary due to the rising operational costs.

The entry fee supplements and supports the following:

- Administration and coordination costs associated with the Awards Programme
- Travel and accommodation costs for the judging panel, who travel extensively to evaluate projects across Southern Africa

- The production of professional audiovisual presentations featured during the Fulton Awards Gala Evening

These presentations have become a highlight of the Gala Evening, effectively showcasing each project and the teams behind them.

We are pleased to announce the return of the electronic Fulton Awards Banner Competition for 2027. Delegates and industry participants will have the opportunity to engage with the project banners electronically throughout the competition period.

As an added incentive, one lucky person, selected from those who qualify by achieving a perfect score on the Banner Competition Questionnaire will win a prize consisting of a luxury weekend get-away for two. (The winner must be present at the Gala Evening drawing to claim the prize.)

We believe this initiative will enhance excitement and engagement around the Fulton Awards while increasing visibility for the outstanding projects entered in the competition.

We encourage all professionals, contractors, suppliers, consultants, and project teams involved in exceptional concrete projects to participate in the 2027 Fulton Awards. Join us in celebrating the innovation, resilience, and technical excellence that continue to shape our industry.

We look forward to another outstanding Awards cycle and to celebrating the very best of concrete construction in Southern Africa.

For the love of concrete!

The Fulton Awards Organising Committee
